My Experience at Alchemist was enriching in every conceivable aspect. It taught me that **studying smartly instead of just studying hard** is the only way to beat the CAT

One of the finest teachers and advisors I have ever come across. Domain expertise, **personalized and customized training** are very few among the traits of Alchemist. Particularly good at understanding the **strengths and weaknesses** of the students and guiding them for betterment in the right direction using the right tools, guided me in CAT preparation.
